## PROJECTS

### Memory Game

Test your memory with this memory game. Try to remember the image selected as it becomes easier to find the pair the longer you play.  
Memory game was built with HTML, CSS & Javascript.

### Stripe Page

A single page layout of a payment platform, with no actual functionality, just a work to showcase my design, layout skills.  
Stripe was built with HTML, CSS & Bootstrap.

### Sneaker Store

This is a simple e-commerce website, to buy sneakers product with no functionality.  
This site was built with HTML, CSS & Javascript.  
Link: <https://sneakerstore-omega.vercel.app>

### Portfolio
